To whom it may concern

I am writing to recommend the services of the Wilbat Projects Pty Ltd. We have been using Wilbat Projects Pty Ltd to provide training expertise of Learnerships /Apprenticeship and Factory Skills for the past 8 years, and have always been completely satisfied. They do an excellent job.

They have done exactly what we've asked of them. The company has an excellent reputation for timely completion of its work. Needless to say, we consider the company one of our most valued providers.

I'm happy to recommend the services of Wilbat Projects Pty Ltd. If you have any questions, feel free to contact us.

Yours Sincerely

Factory Manager

4 December 2014

Cedric Lortan
Wilbat Projects
Isipingo

Dear Cedric

Re: Letter of commendation

This letter is one of gratitude and extreme appreciation. After a negative experience with one training provider, my faith has been restored in outsourced training providers.

Cedric, I am not sure how to thank you and the Wilbat Projects team for all your patience, assistance and professional support that you provided us throughout our dilemma. Your calm and positive nature had me calm down and breathe a sigh of relief as our project was completed.

Our employees came to see me after their training and they were beaming from ear to ear. They have begged me to send them back to Wilbat Projects for more training as they thoroughly enjoyed the learning experience. We have noticed a distinct difference in their work performance and for that we have to thank you.

I have been telling all those in my networking circle about your excellent facilities, passion for people development and professional educational service. I know that your organisation will grow from strength to strength as you keep up the excellent work.

Thank you once again to you and your whole team – it has been a pleasure dealing with you!

Kind regards

Charlene Peens

TO WHOM IT MAY CONCERN

The Office of the Premier is writing this letter as a recommendation for the services provided by Wilbat Projects. From 2015 to 2020, we have worked hand in hand with Wilbat Projects in the implementation of artisan development, both learnerships and apprenticeship training programmes. Wilbat Projects has expertise and vast experience in the delivery of skills development projects. They have been reliable to deliver services on time, making them a valuable partner to us.

Should you require more information, please do not hesitate to contact the undersigned.

Yours Sincerely,

Ms. C.L. Malinga

To whom it concerns

RE: LETTER OF REFERENCE

RBI Technical Solutions International (Pty) Ltd (RBI Tech), is a Government Approved Inspection Authority (AIA) for various inspection principles, i.e. Pressure Vessels (new manufacture and in-service) and the qualifying of welding Procedures and Welders.

The following confirms that since 2013, **RBI Tech** has partnered with **Wilbat Projects 148**, a Private Training College, to assist with Qualifying / Coding of Welders who receive training from this facility. RBI Tech and Wilbat have experienced a beneficial working relationship during this period, this is mainly due to the valuable Technical Training Techniques provided by Wilbat to ensure Welders obtain optimum skills to pass the Welding Code and become qualified welders.

The College have introduced an additional quality aspect that requires the final test piece of each welder, in training at Wilbat College, is subjected to a Visual inspection. On acceptance, the test piece is x-ray tested and if the x-ray results are acceptable to the applicable code, the Welder is certified by RBI Tech.

RBI Tech, through its association with Wilbat College is proud to recommend this facility as a trustworthy Training and Testing Centre.

Yours faithfully
